

Institutional Level purchasing List

1	Silicon Low Background Sample holder	32	Exam, TEQIP-II office, Plastic Department Aluminium Partition
2	LCD Projector	33	Grid Connected Solar Power System 25KVA
3	Educational software	34	Drawing Table
4	Air Condition	35	Desktop Computer for Internet Surfing
5	Furniture	36	Nano fibre Development by Electrospinning Technique
6	Photo copying machine	37	Executive Table and Chair
7	E-books	38	Aluminium Section with particle board
8	Bio Metric Time Attendance	39	Solar Street Lamp
9	Educational software	40	Expansion of existing Karel MS 48 EPABX System (Intercom Arrangement for II floor)
10	Ebooks	41	Exhaust Fan
11	Echemistry Online Journal	42	Workshop Tools
12	Printers	43	Cupboard
13	UPS	44	Air Cooler
14	Desktop Computers	45	White Board
15	Bio Metric Time Attendance Door Security R. F. Access Control(Minor Item)	46	Battery
16	BSNL Leased Line	47	Workshop Machine
17	Laptop	48	Box bed matrices pillow cover bed sheet
18	Aluminium partition	49	Sofa Set
19	Water Purifier(RO)	50	Laboratory Weighing Balance
20	Eye Washer	51	Book Rack
21	Benches	52	High wall split type air conditioner
22	Desktop Computers	53	Carpet with feeting
23	Water Cooler	54	Aluminium Partition for oil lab
24	E-books Elsevier	55	Tablet and Bluetooth Speaker
25	Tea/Coffee Maker	56	Sliding Window
26	Smart Classroom	57	LED TV
27	Refrigerator	58	Software for Professional Interview Simulator
28	Sanitary Napkin Vending Machine and Incinerators	59	CCTV System
29	Molding Table	60	ESSL Make Push Data Firmware and e time track web time attendance software
30	Molding Chairs	61	Executive Chairs and Tables for seminar hall
31	Smart Card System for Exisitng Tea/coffee Maker Machine with RFID System(100 card)	62	Student Attendance System Management software

Department Level purchasing List

1	Syringe pump	37	Accessories Reaction six station
2	Air and Nitrogen Gas Generator	38	Additional accessoriesfor dispermat CV3
3	Hydrogen Gas Generator	39	High Pressure Autoclave
4	Gas Chromatography	40	Planetary Ball Mill
5	Microreactor System	41	UV Curing Cabinet
6	Peristaltic Pump	42	Cross cut Adhesion Tester, Hegmann Gauge, Flow cup Viscometer, Density Cup
7	GC Spares	43	Autoclave for Sterilization
8	Absorption (Software based Operator training Simulator)	44	Scratch Hardness Tester
9	Binary Distillation (Software based Operator Training Simulator)	45	Wetherometer for durability Analysis of Paint and Polymer
10	Chemical Reaction Engineering Lab. Equipments	46	Moony Viscometer
11	Travelling Microscope	47	Coefficient of Friction Tester
12	Muffle Furnace	48	Spares of Differential Scanning Calorimeter
13	Simple Distillation Assembly	49	Accessories for UTM
14	Spray dryer	50	Ultra Sonicator Probe
15	Fermenter	51	Limiting Oxygen Index Tester
16	Atomic absorption bulb	52	Smoke Density Tester
17	Automatic Protein Analyzer	53	Universal Testing Machine
18	HPLC	54	Spares of TGA
19	Crude fibre Analyser	55	Lab Scale Twin Screw Compunder Extruder
20	Flame photometer	56	Resin Kettle
21	Karl fischer volumetric Titrator for Moisture Determination	57	Sample Pan for TGA
22	Rotary Incubation Shaker	58	Sample Pan for Differential scanning Calirometer
23	Weighing Balance	59	Potentiostat
24	Laminar Flow	60	HPLC
25	Compression Testing Machine	61	Digital Ph Meter
26	Izod and CharpyAppratus	62	Vacuum Chamber for Freeze Dryer
27	CNC Lathe Machine	63	High Speed Centrifuge
28	Orbital shaking incubator	64	Borosil Bottle Dispenser
29	Refrigerated Water bath	65	Temperature Sensor for High Speed Centrifuge
30	Laboratory Fume Hood (OILS)	66	C18 column for HPLC
31	Lab Scale Solvent free mocrowave extraction	67	Analytical Electronic Weighing Balance
32	High Speed Homozinizer	68	All Glass Double Distillation Unit with boiler condenser heater horizontal type
33	Colour Matching Spectrophotometer	69	Motor Less Magnetic Stirrer single and Four Position
34	Pfund Black and white cryptometer	70	Syringe Filter and Flask Filtering, bolt neck with tabulation

35	Bucholz Indentation Tester	71	Polarimeter
36	Wet scrub tester	72	Physics Lab Instruement
73. Parallel Synthesizer
